## IGU RELEASES 2020 WORLD LNG REPORT

**The International Gas Union (IGU) released its 2020 World LNG Report.**

This 11th annual Global LNG Report features key global LNG industry updates, right across its value chain, demonstrating yet another strong year of growth for this crucial segment of the natural gas sector. LNG continues to enhance global energy security and increase the flexibility of access to abundant global gas supplies.

## **GLOBAL VOICE OF GAS - A NEW DIGITAL MAGAZINE**

We are pleased to announce that the IGU

will commence the publication of a quarterly digital magazine that will cover the most timely and important issues, challenges and opportunities presented to the industry.

**We are aiming to release the first edition of "Global Voice of Gas" magazine at the end of June.**

**Call for Papers for WGC2021 opens on May 29th**

The 28th World Gas Conference (WGC 2021) takes place in Daegu, Korea on 21-25 June 2021, the most important global gas industry event. 12,000+ attendees from more than 90 countries will come together to discuss the role of gas in the sustainable future and help shape the global energy agenda.

We are also delighted to announce that starting 29 May, the Call for Papers will open for submissions and you will have your chance to submit your abstract to speak in front of the global oil and gas industry. Visit the [WGC 2021 website](#) to find out more about the Call for Papers, the submission topics and the conference and exhibition.
